

A BUSINESS UNIT OF CORN PRODUCTS INTERNATIONAL

About the Company

Founded in 1988, GTC Nutrition is a recognized leader in providing ingredient solutions to the global food, beverage, supplement and animal feed and food industries. Our portfolio of innovative ingredient solutions along with our in-house scientific, technical and marketing expertise brings healthy ideas and products to life.

In April 2004, GTC Nutrition joined forces with Westchester, Illinois-based Corn Products International, Inc. (NYSE: CPO), one of the world's largest corn refiners and suppliers of sweeteners and starches. Today, the GTC Nutrition team is counted among Corn Products more than 6,000 seasoned employees, and is a part of the Company's global network.

Health Platforms – Portfolio of Ingredient Solutions

GTC Nutrition offers a portfolio of innovative ingredients that support bone, digestive, glycemic, heart and immune health, key areas for today's health-conscious manufacturers and consumers:

- **NutraFlora**[®] short-chain fructooligosaccharides (scFOS[®]) prebiotic fiber provides benefits in support of bone, immune and digestive health
- **Purimune**[™] prebiotic galactooligosaccharides (GOS) supports immune health
- **Aquamin**[®] natural calcified mineral source supports bone health
- **Nu-Mega**[®] Omega-3 DHA supports cognitive function, heart health and visual acuity
- **BioAgave**[™] inulin fiber offers benefits for digestive health
- **OatVantage**[™] oat bran concentrate supports heart and glycemic health
- **FortiFeed**[®] (scFOS[®]) prebiotic fiber for animal foods and feeds offers support for digestive, immune and bone health

Company Leadership

Patrick Smith, President

As the president of GTC Nutrition since 1999, Patrick Smith directs global strategy development, coordinates stake owner relations and manages manufacturing operations. Mr. Smith received his master's degree in international management from the American Graduate School of International Management (Thunderbird) and a bachelors of arts in political science from Indiana University, Bloomington, IN.

Jim Low, General Manager

Jim Low has been with GTC Nutrition since 1999. Jim is responsible for strategy implementation and commercial operations management. Mr. Low is also responsible for the management of the company's ingredient portfolio development activities. He has an MBA from the University of Texas at Austin and a bachelor of arts in economics and management from Rice University in Houston, TX.

John Musselman, Sr. Manager – Sales, Customer Service and Logistics

John Musselman is responsible for organizing, implementing and executing GTC Nutrition's commercial strategies, including directing activities related to sales, customer service, logistics, and inventory and supply-chain management. Mr. Musselman has an MBA from the John M. Olin School of Business, Washington University and a bachelor of arts in English from Emory University in Atlanta, GA.

Coni Francis, Ph.D., R.D., Sr. Manager – Scientific and Government Affairs

With more than 30 years of nutrition experience, Dr. Francis chairs the GTC Nutrition Scientific Advisory Board and leads the company's efforts to identify emerging nutrition science, market opportunities and food technologies for growth opportunities. She earned her doctorate in nutrition from Texas Women's University in Denton, TX, and her master's degree in nutritional science from San Jose State University in San Jose, CA.
