GTC Nutrition to Showcase Value-added Ingredient Solutions at the 2008 IFT Food Expo
Better-for-You Prototypes Support Bone, Digestive, Glycemic, Heart and Immune Health

GOLDEN, Colo. (June 4, 2008) – GTC Nutrition, a business unit of Corn Products International, Inc., will showcase its value-added ingredient solutions by presenting better-for-you frappe-cappuccino toppings and dessert at booth number 2223 at the 2008 Institute of Food Technologists (IFT) annual food expo June 29-July 1, 2008 in New Orleans, Louisiana.

Scientific, technical and marketing experts will be on hand to further demonstrate the Company's ability to support manufacturers in developing natural, enriched food alternatives for today's health-conscious consumers.

“At GTC Nutrition, we partner with our manufacturing customers to Build Nutrition Solutions for Life™ that address top consumer concerns in the areas of bone, digestive, glycemic, heart and immune health,” said Coni Francis, Ph.D., R.D., senior manager of science, marketing and technical service for GTC Nutrition. “IFT is an ideal venue for us to showcase our ability to naturally fortify a wide array of food, beverage and supplement products with our innovative ingredients.”

A chilled frappe-cappuccino will be served at GTC Nutrition's booth and topped off with ingredient-enriched prototypes including:

Bone Health – Chocolate Syrup: Aquamin® calcified mineral source and NutraFlora® prebiotic fiber enrich this syrup topping to provide a good source of calcium along with a prebiotic fiber to support increased mineral absorption and digestive health.

Digestive Health – Caramel Syrup: NutraFlora® prebiotic fiber and BioAgave™ agave active fiber provide a good source of fiber in this syrup topping to support digestive health.

Immune Health – Berry Syrup: NutraFlora® prebiotic fiber fortifies this syrup topping to encourage the growth of beneficial bacteria to support immune health.

Glycemic Health – Biscotti: NutraFlora Plus™ Hi-maize® prebiotic fiber blend enriches this low fat, reduced sugar dessert, provides an excellent source of fiber and encourages satiety to support glycemic health.

Heart Health – Cardio Capsules: OatVantage™ oat bran concentrate-enriched capsules contain high levels of beta-glucan to provide consumers with a natural and proactive way to help balance cholesterol levels and support heart health.
